PRESS RELEASE

July 6, 1951

To meet the growing need for specialists in various fields, the Government of Israel recently established a Department of Professional and Technical Personnel attached to the Office of the Prime Minister. The function of this Department will be to locate those skilled people interested in the future development of the country and to invite them to fill specific positions in Israel.

This program of locating skilled personnel will complement other plans for inviting specialists to Israel such as the Point Four Program of the United States and the Technical Assistance Program of the United Nations.

The newly established Department will regularly publish those positions which are open to foreign experts.

Ralph Goldman, has been appointed to direct this project in the United States, Canada, Central and South America, with offices located at 11 East 70th Street, New York 21, New York. Mr. Goldman possesses the degrees of Bachelor of Science in Education, Bachelor of Jewish Education and Master of Science in Social Work. He has spent some time in Israel and is aware of the needs of the country in this specialized field.
