A national organization founded on the basic proposition that Judaism is a religion of universal values — not a nationality. We urge for Americans of Jewish faith their increasing civic, cultural and social integration into U. S. life. The Council's active program enables American Jews to meet obligations in public affairs, religion, and philanthropy in ways compatible with our beliefs rather than in the "Jewish" nationalist pattern of Zionism. The Council affirms that nationality and religion are separate and distinct; that no Jew or group of Jews can speak for all American Jews; that Israel is the "homeland" of its own citizens only, and not of all Jews.
