Public Records

The Department of Business and Professional Regulation works hard to make it easy for you to request a public record. The divisions maintain regularly requested information electronically on their home pages including licensee download files. Please visit our **Instant Public Records** (<https://www2.myfloridalicense.com/about-us/instant-public-records/>) menu to see if the records you are looking for are available electronically. If the public record you are seeking is not available, you can request additional public records below.
