INDEPENDENT CONTRACTORS

NRS 333.700 Definition; contracts for services; regulations.

1. Except as otherwise provided in [NRS 333.705](#), a using agency may contract for the services of a person as an independent contractor. Except as otherwise provided by specific statute, each such contract must be awarded pursuant to this chapter.

2. An independent contractor is a natural person, firm or corporation who agrees to perform services for a fixed price according to his, her or its own methods and without subjection to the supervision or control of the other contracting party, except as to the results of the work, and not as to the means by which the services are accomplished.

3. For the purposes of this section:

(a) Travel, subsistence and other personal expenses may be paid to an independent contractor, if provided for in the contract, in such amounts as provided for in the contract. Those expenses must not be paid pursuant to the provisions of [NRS 281.160](#).

(b) There must be no:

- (1) Withholding of income taxes by the State;
- (2) Coverage for industrial insurance provided by the State;
- (3) Participation in group insurance plans which may be available to employees of the State;
- (4) Participation or contributions by either the independent contractor or the State to the Public Employees' Retirement System;
- (5) Accumulation of vacation leave or sick leave; or
- (6) Coverage for unemployment compensation provided by the State if the requirements of [NRS 612.085](#) for independent contractors are met.

4. An independent contractor is not in the classified or unclassified service of the State and has none of the rights or privileges available to officers or employees of the State of Nevada.

5. If the contract is for services for which a license, certificate, registration, permit or other type of authorization is required by law, an independent contractor must hold the appropriate, current authorization that is required by law for the services.

6. Except as otherwise provided in this subsection, each contract for the services of an independent contractor must be in writing. The form of the contract must be first approved by the Attorney General, and except as otherwise provided in subsection 8, an executed copy of each contract must be filed with the Fiscal Analysis Division of the Legislative Counsel Bureau and the Clerk of the State Board of Examiners. The State Board of Examiners may waive the requirements of this subsection in the case of contracts which are for amounts less than \$2,000.

7. Except as otherwise provided in subsection 8, and except for contracts entered into by the Nevada System of Higher Education, each proposed contract with an independent contractor must be submitted to the State Board of Examiners. The contracts do not become effective without the prior approval of the State Board of Examiners, except that the State Board of Examiners may authorize its Clerk or a designee to approve contracts which are:

- (a) For amounts less than \$100,000; or
- (b) Entered into by the Nevada Gaming Control Board for the purposes of investigating an applicant for or holder of a gaming license.

8. Copies of the following types of contracts need not be filed or approved as provided in subsections 6 and 7:

(a) Contracts executed by the Department of Transportation, other than contracts subject to the provisions of [NRS 333.705](#) or [408.353](#).

(b) Contracts executed by the State Public Works Division of the Department of Administration or any other state department or agency for any work of construction or major repairs of state buildings, if the contracting process was controlled by the rules of open competitive bidding.

(c) Contracts executed by the Housing Division of the Department of Business and Industry.

(d) Contracts executed with business entities for any work of maintenance or repair of office machines and equipment.

9. The State Board of Examiners shall review each contract submitted for approval pursuant to subsection 7 to consider:

- (a) Whether sufficient authority exists to expend the money required by the contract; and
- (b) Whether the service which is the subject of the contract could be provided by a state agency in a more cost-effective manner.

Ê If the contract submitted for approval continues an existing contractual relationship, the State Board of Examiners shall ask each agency to ensure that the State is receiving the services that the contract purports to provide.

10. If the services of an independent contractor are contracted for to represent an agency of the State in any proceeding in any court, the contract must require that the independent contractor identify in all pleadings the specific state agency which he or she is representing.

11. Except as otherwise provided in this subsection, a contract for the services of an independent contractor may be performed in parts or phases. A contract for the services of an independent contractor must not be split into separate contracts for the purpose of avoiding any requirements for competitive bidding.

12. The State Board of Examiners may adopt regulations to carry out the provisions of this section.
